Financial aspects

You need to have a financial help? There are several ways…

- Find a grant: There are a lot of programs to do so. Here is a list of possibilities..

1. Look to the [CAMPUS France website](#) which provides with some useful help even on financial aspects. A list of [grant programs](#) is also available depending on your country. Don’t hesitate to apply!
2. There are some Regional grants (distributed via the University of Tours) which can be allocated upon application:
   - Grants for the 1st semester:
     Regional ordinary grants, grants of about 500€/month for the duration of the first semester;
     Any candidate accepted to the International Research Master program can apply. Applications are done
after the acceptance notification to the program.

- Grants for the 2nd semester (internship):
  - Erasmus Internship grants: if your internship is in a lab located in Europe, then you can apply to Erasmus grants. The grant is about 350€/month for the duration of the internship and can be received even in the case of a granted internship. Applications are done in Tours at the beginning of the academic year.
  - Mobicentre: if you are less than 30 years old and are a national of an European country (or a national from another country but in the Region Centre since 2 years), then you can have a grant of 240€/month if you do your internship outside Europe. It is of 170€/month if your internship is in a European country. Applications are done in Tours at the beginning of the academic year.

- If you are accepted to the International Research Master program then you will be able to apply to student financial help for accommodation (ALE) (1% to 50% of the rent cost, see here for more details). Save money on your accommodation!

- Find a student accommodation (about 120€/month)!
